Summary

- Two years of experience in front-end web development for enterprise and personal sites.
- Project lead managing 2-6 members for an anti-money laundering compliance application.
- Extensive UI experience with CSS, LESS, and Sass during coursework at Pratt Institute.

Work Experience

Capco, *Front-End Developer*, NYC, June 2015–January 2017

- Responsible for front-end redesign of customer-facing website to favor mobile-first and modular components. Technology includes jQuery, HTML, CSS, Sass, Bootstrap, Sharepoint, Git, and JIRA.
- Led documentation and testing enhancement for Actimize anti-money laundering web application.
- Recorded and produced 20-hour knowledge transfer session covering technical architecture and codebase.
- Worked with digital team on internal applications, including a Django dashboard, dependency matrix in D3.js, and a client website in Angular.

Freelance, *Web Developer*, August 2013–Present

- Style, implement, and launch personal portfolio and sustainable goods websites.
- Focus on full-stack implementation of WordPress and Jekyll static sites, with occasional UI/UX recommendations and usability testing results.
- Clients include [Barrel On](#), [Chicville USA](#), and [With Purpose and Pepper](#).

Personal Work

Recurse Center, *Recurser*, NYC, Spring 2017

- Artist retreat for programmers. Focus on front-end development, APIs, and functional programming.
- Projects include a Haskell [image glitcher](#), HTTP wrapper, and [JSON parser](#).

Manning Publications, *Developmental Editor*, August 2015–Present

- Coach authors and provide feedback on code, structure, and accuracy for titles such as *CSS in Depth*.

Presentations

- NYC Media Lab Annual Summit. QuantFlaunt Web Application—[article](#)
- IndieCade East. Software in Post-Communist Central and Eastern Europe—[abstract](#), [video](#)

Open-Source Projects

- [Studio Ghibli API](#). Resources from Studio Ghibli films. Express, Node, JSON API.
- [Pux Pattern Library](#). Generate and document re-usable components. PureScript, Pux.
- [Dark Souls NYC](#). *Dark Souls* as Manhattan neighborhoods. MongoDB, Express, Angular.
- [QuantFlaunt](#). A satirical look at branding and data quantification. Highcharts.

Technical Skills

- Use Often: HTML, CSS, JavaScript, jQuery, Sass, LESS, Git, Adobe CC
- Familiar: React, Express, Node, Webpack, Angular, Haskell, SQL, MongoDB/Mongoose
- Soft Skills: UI Design, Style Libraries, MV* Frameworks, Usability Testing, Interviewing

Education

Pratt Institute, Brooklyn, M.A. Media Studies, Fall 2013–Spring 2015

Florida State University, Tallahassee, B.A. English, Fall 2004–Spring 2009

Scrum Alliance, NYC, Certified ScrumMaster® (CSM), Fall 2016
